HISTORY UNBOXED

Bringing history to life, one box at a time.

A K–12 Historical Curriculum that Bursts Off the Page

Our standards-aligned, curated history and social studies curriculum module boxes contain a narrative booklet, coloring and activity sheets, and a hands-on craft drawn from a historical period or culture — so students don't just read about history, they make something from it.

Flexible classroom use. No special training required. Modules stand alone or teach in sequence.

Whats in every box?

Narrative Booklet
Engaging, teacher-ready reading.

Activity + Coloring Sheets
Maps, timelines, primary source images, and culture-specific designs.

Hands-On Craft
Historically-grounded using authentic techniques and materials.

Aligned to Arizona Academic Standards for Social Studies

Emphasize historical thinking, geographic and cultral understanding, and inquiry though evidence across all grade levels:

Standard	Grade	How History Unboxed Addresses It
AZ.SS.K–2.H1.1 — Demonstrate an understanding of how individuals and communities shape history.	K-2	Modules spotlight individuals/communities from specific historical periods, connecting young learners to the humans behind history through story and craft.
AZ.SS.3–5.H1.2 — Construct historical narratives using primary and secondary sources.	3-5	Activity sheets incorporate period-accurate maps, artifacts, and primary source imagery. The booklet provides historical context students need to interpret what they encounter.
AZ.SS.6–8.H2.1 — Analyze the cultural contributions and interactions of world civilizations.	6-8	Culture-specific modules on ancient Egypt, feudal Japan, Indigenous Americas, and more give middle school students direct engagement with various civilizations.
AZ.SS.HS.H3.1 — Evaluate the development of political, economic, and social systems across world history.	9-12	World history and ancient civilizations modules help secondary students understand how societies developed using period artifacts and practices.
AZ.SS.K–12 (Inquiry strand) — Apply disciplinary concepts and tools to conduct inquiry and construct explanations.	K-12	The hands-on craft component IS structured inquiry — students internalize both the process and the knowledge through making.
